PROFILE

Empathetic,motivated and passionate with experience in performing psychological assessments. Offers great critical thinking skills and excellent teamwork abilities. Loves to serve and empower weaker sections of society and uplift them with knowledge and gained experiences.

EXPERIENCE

One Four Seven -Research catalyst

July-February

Working as a qualitative research analyst in one four seven. performed research, collected and analyzed information, and used the data to solve problems and improve the decision-making and efficiency of a brand.As a research analyst I studied the data and presented recommendations to the team. Have worked for many brands such as magicbricks,99 acres . Have been an active part of product creation , trend generation,data collection,information presentation and communication.Gained hands- on experience on how research is done in the market ,the data collection process ,consumer's actions, behavior, perceptions & experiences in near real-time,the transcribing of the verbal responses etc.
