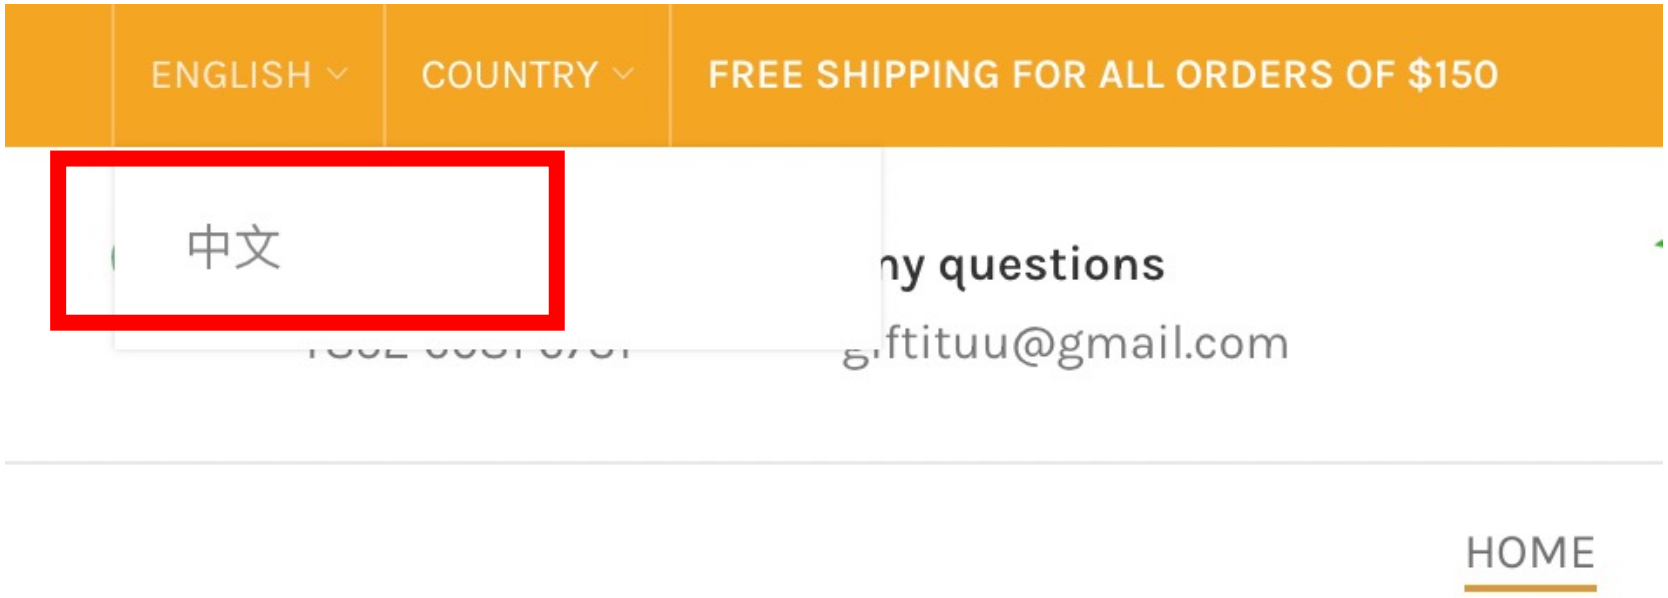
2. Create a Traditional Chinese website

- I will update the contents myself
- May have questions if I don’t know how to update



3. Help to set up email

- For sending order emails to customers
- Etc.

4. Make sure the website can receive the correct input from customers

- Customer account registrations
- Enquiry form
- Orders

5. Help with some minor questions

- Might ask some questions in how to edit the product details
- Etc.
